

Husqvarna®

AUTOMOWER® 305

The third generation Automower® enters with a fully automatic lawn mower designed for smaller or more complicated grass areas. Compact, stylish and suitable for lawns up to 500 m² (1/8 acre). The light-weight design make it easy to lift and move for houses with front- and back gardens. A true member of the successful Automower® family which means that the mower returns to the charging station when the battery needs recharging. Easy understandable backlit display and keypad for the personal settings and timer function. Equipped with anti-theft alarm and PIN-code lock. Available in two different colours; granite grey and polar white.

AUTOMATIC CHARGING

When Automower® needs more power, it finds its own way back to the charging station.

NO EMISSIONS

Because it is electrically powered, Automower® produces no harmful emissions.

SETTINGS PANEL

With the settings panel the mower can be personalized to fit many different gardens and preferences.

TIMER

You decide if you want Automower® to mow the lawn around the clock and 7 days a week.

Features

- PIN code lock
- Anti-theft alarm
- Unique cutting system
- Low energy consumption
- Low noise
- Easy maneuverable cutting height adjustment
- Weather proof
- Lift & Tilt sensors
- Guide wire helps the mower to its charging station
